Security Permits

Security Permits... For a Safe Environment

As we push through limits to promote digital transformation in Saudi Arabia's airports and enable its employees with unbound potentials, we introduced Security Permits. A portal operated by GACA to automate and consolidates all relevant procedures, by issuing and managing driving licenses and security permits necessary to access airports electronically for all individuals, vehicles, and equipment.

Features

Follow up and track issues
permits applications and status

Managing permit applications
at all Saudi Arabia's airports

Finalize all permit transactions
and procedures instantly, accurately and safely

Manage permits and users
electronically

Linking users online with relevant authorities
to verify all provided data, and update it periodically

Target Audience

Relevant authorities
within airports

Vendors operating
within the airport

التصاريح الأمنية

Security Permits

Additional Features

Security Permits

FAQs

Who is eligible for a visitor permit?

- Any individual required to access the airport, provided that the visit permit holder is accompanied by a person holding a permanent or temporary permit from the requesting authority, or a member of the airport security unit.

How can I create an account in the Security Permits Portal?

1. Visit the portal.
2. Click the "Self-registration" icon.
3. Fill out all required information.

If the establishment is already registered, the main user info will be displayed immediately.

What types of security permits does the portal offer to individuals?

- Permanent permits for a year or two.
- Temporary permits.
- Visit permits.

Who is eligible for a permanent or temporary permit?

- Governmental sectors, companies, and establishments that have an active account on the online portal. All of their data and documents must contain a valid contract of employment or purchase order at the airport.

What are the registration requirements in the Security Permits Portal?

- Provide all data related to a signed work contract between the company or establishment and airport management, or a purchase contract pertained to the project located at the airport.
- A copy of the valid commercial registration.
- Main user Saudi ID.
- Sign an agreement to avail of the services and ratify it from the Chamber of Commerce.
